OF WAR DAYS IS
BIRTH OF NATIONOrchestra With Huge Attraction
at Crystal Theater Well
Worth Price of Admission
Even Without Picture.The birth of a Nation is with
generous sentimentality and romantic
concomitants and with various dramatic
incidents a living history of the
civil war and of the turbulent reconstruction
period which immediately followed.In many respects it has exceptional
value as a historical record, other
than its fiction. It is based in part
upon "The Glenside," the novel of
Thomas Dixon, the dramatist, who
has also undertaken to write plays and
to act in them. However, "The Birth
of a Nation" is Griffith's, not Dixon's.
